NEW! Rolex One to Watch

The Rolex One to Watch identifies the jumper rider who has made the biggest move within or into the Top 250 of the Rolex Rankings the previous month. The Rolex One to Watch for December is 27-year-old Belgian rider, **Annelies Vorsselmans**, who jumped from number 334 to 245 during September – a move of 89 places.

Numbers in parentheses indicate previous month's standings. Information appearing in the Canadian rankings is compiled by Steve Sarafin Jr., based on results in North American show jumping classes with \$20,000 (Cdn) or more in total prize money. To be sure show results are counted in these rankings, fax complete results of qualified open classes within 5 days to Horse Publications Group, c/o Steve Sarafin @ 803-425-9974 or email ssarafin@bellsouth.net. Include correct owner, rider, horse and prize money per placing and total prize money awarded in each class. We would also like any updated rider bio and horse breed information. Statistics on this page include data from Ryegate Show Services and the FEI. Information should not be considered all-inclusive and is for reference only. *Indicates entry not in top 10 during previous month.
